

CRUZAR

PLATEAU

bois de chêne

placage de chêne

placage de chêne noir

noyer américain

Cruzar est une table moderne avec un design original. Le plateau est fabriqué en bois de chêne massif soigneusement sélectionné ou en placage de chêne et de noyer. La finition huilée du plateau de table fait ressortir la beauté du grain du bois et donne à la surface une texture mate. La base est en métal avec un revêtement par poudre noir. Il est possible de faire des rallonges supplémentaires élargissant la surface de la table.
