

PIANO

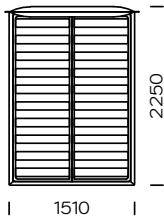

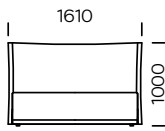

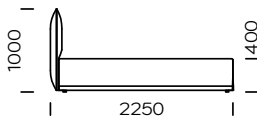

TYPE
with a bedding container

OPTION
the bed frame is available in 2 versions:
for self assembly or assembled

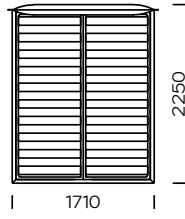

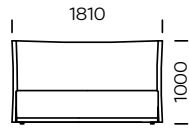

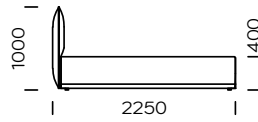

The Piano upholstered bed is a model that can be distinguished by its loosely sewn cover that rests freely on the robust structure. The whole is complemented by details in the form of decorative knots on a soft and comfortable headrest. The model is intended for persons who like wrinkling and naturally creased, loose materials. These are the features that give the proper tone to the whole. An additional advantage is a large container for bed linen.
