TABLE TOP

oak veneer

black oak veneer

american walnut

Oo collection designed by Tomek Rygalik consists of round tables of different sizes and heights. Two types are available: a dining table intended for residential interiors, and a cafe table, dedicated for commercial premises. Their distinctive detail is the ring surrounding the metal base. The tabletops feature a soft, rounded bottom edge and are veneered with elegant and timeless oak or American walnut. The collection allows for creating diverse interior arrangements.
